Tizwhiz Premium Promise

Quality Guaranteed – Researched by top nutritionists and fed for over 50 years. We guarantee results your horse can depend on!

Fixed Formula Nutrition – Every Tizwhiz feed bag delivers the same great ingredients and consistent rations every feeding.

Ingredient Integrity – Only the highest quality of digestible ingredients are utilized to meet our increased calorie content.

Feed all horses as individuals – We believe your horse is an individual that has its own specialized needs suitable to its lifestyle, discipline, age, condition and place of origin.

Overall Balance Technology – Formulated by top nutritionists, we promise a balance of vitamin/mineral ratio to the fiber, starch, sugar and fat levels your horse requires to maintain optimal conditions.

We Promise & Guarantee absolutely No UN-DIGESTIBLE fiber by-products are used in Tizwhiz Feeds

Tizwhiz Heritage

When you have a heritage rooted in equine research, such as Tizwhiz, the standard for your products can't be set any higher. Dr. William Tyznik's vision for Tizwhiz feeds was to develop equine products where performance was proven by the most extensive research in the industry.

While at The Ohio State University, Dr. Tyznik served as research chairman of the national academy of science committee to establish nutrient requirements for horses.

He wanted customers to get what was best for their horses. He envisioned the name Tizwhiz would give horse owners the confidence to make good nutritional decisions every time they used a Tizwhiz brand feed.

Tizwhiz Tradition

When the Tizwhiz feed line was first offered in 1956, research results became evident in breeding mares, healthier, sounder foals and stronger equine athletes. Consistency, fixed formula and product quality were the original cornerstones of Tizwhiz Horse Feed.

The tradition of these three factors continues in the Tizwhiz brand today, making sure every horse gets the most out of each bag of feed. Tizwhiz is still the most clinically researched and proven vitamin and mineral program available on the market today.

Structure

Researched & formulated as a reduced starch ration for all life stages from young horses, performance and aged horses.

- Pelleted feed
- High fat 7%
- Reduced starch
- Cool calories
- Balanced increase of amino acids (14% protein)
- Safe high calorie
- Helps increase / build top line

Primary Ingredients: Soy hulls, alfalfa meal, Soybean meal, wheat midds, refined oils, beet pulp and Tizwhiz nutritional pack.

Free Fatty Acids	Max 1.00%	Cobalt (Co)	Min 50 ppm
Moisture	Max 0.50%		

Full Potential

- Ration balancer
- 30% protein
- Low starch level
- Vitamin/Mineral
- Digestive aids

Broodmare PN

- Vitamin/Mineral
- Helps balance calories and phosphorus
- Digestive aids
- Mares 2lb per/day
- Feed top dress 1lb per/day

Easy Keeper - Forage Fortifier

- Concentrated for easy keepers
- Balance of vitamin/mineral/protein/calories
- Low starch
- Digestive aids

Tizwhiz Concentrated Feeds

A feeding program that balances essential vitamin/minerals, protein and digestive supplements in a concentrated feed ration to be fed at a rate of 1-4 pounds per day.

This allows the customer to feed essential fortification to individual horses or your entire horse operation. Whether your feeding broodmares, young or special needs horses Tizwhiz Concentrates can help meet your needs.
