

Full Potential

A ration balancing supplement to provide protein, vitamins and minerals to yearlings as well as growing and adult horses. When used as a top dressing at various levels, Full Potential will meet and exceed the needs for your horse. This supplement is designed to give horses a chance to reach their full potential and have the edge they need to succeed.

- > Low starch, maintenance ration fed with grass or mixed hay
- > Provides an excellent amino acid profile
- > Added yeast cultures to enhance digestive function
- > Formulated for optimal body condition without the calories
- > May be fed with grain or Tizwhiz Energy Glo for added calories to ensure additional needed energy or for added weight gain
- > Added yeast cultures:
 - Enhanced fiber-digesting bacteria creates more efficient use of vitamins and minerals derived from forage
 - Better nitrogen utilization
 - Stabilized cecal/ colon pH
 - Helps in availability of forage phosphorus because of the phytase enzyme
- > Added organic selenium
 - Increases digestive absorption
 - Better tissue retention
 - Optimizes immune response
- > Full Potential is a fixed formula so your horse will get the same taste, texture, nutrition, calories and quality ingredients from every bag.
- > All Tizwhiz products contain the Tizwhiz Vitamin and Mineral Micro Pac, the most extensively researched and proven balance of vitamins and minerals.

GUARANTEED ANALYSIS
