

# Swine Finisher Gestation

**For late finishing swine from 200 to 250 lbs (market) adult boars, gilts, and sows during gestation**

- > Controlled calories for a lower energy feed
- > Maintenance ration to keep sows at a good weight during gestation
- > Provides all basic nutritional needs
- > Adequate amino acid levels
- > Lower levels of high quality proteins because less is needed in adult animals
- > Minerals for maintaining strong skeletal structure
